# CORE VALUES

## Hard Work

**Integrity:** we ensure honest deals with our clients,

**Professional:** we ensure innovation in product and service provision so that our clients go with latest and up to date technology.

**Effectiveness:** we ensure our services are valuable, effective and efficient.

**Timely:** we ensure we meet deadlines in discharging our assigned duties so that our clients get our service timely without compromising on quality.

## WHO WE ARE

We are a group of people driven by innovative trends in technology to develop end-to-end solutions with a budget-friendly approach. Our goal is to be the most promising ICT outsourcing company in Africa. The company is nurtured by a group of passionate individuals all of who are tech-savvies and strive for excellence.

We thrive to serve organisations and businesses with all that they require to progress with respect to information and communication technology. We plan and execute your venture into a huge success.

# INTRODUCTION

Incepted in January of 2023 under sole proprietorship, of which it still is, to provide; Information, Communication & Technology as well as Construction Materials Testing Services in the Science & Technology industry.

**Zumatan Information, Communication and Technology Co.** delivers corporate and consumer technology solutions based on our understanding of technologies and that of our clients and the markets they operate in. with our professional mind-set, we look beyond technology to offer viable solutions for your particular business context.

# SERVICES

## 1. Information, Communication & Technology Consultancy

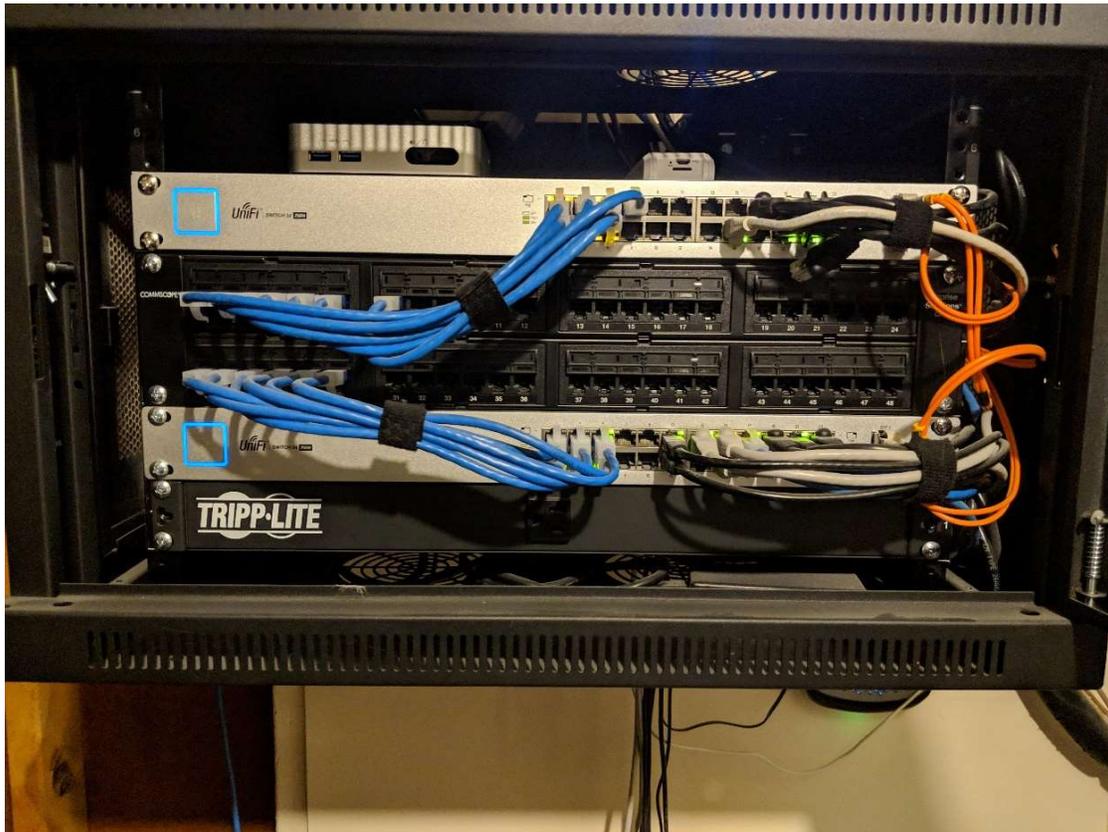

We'll work with you to understand your business goals and aspirations, so we can deliver a roadmap detailing exactly how you can get there. We'll tailor the amount and level of consultancy to your needs. So whether you're an SME, Corporate organisation or student looking for consultation and project delivery, or an IT manager with an in-house team looking for further expertise and resources or guidance at a technical level we can help.

From ad-hoc helpful advice to a fully managed design and implementation, we're happy to provide as much or as little help as you need, with our tailored IT consulting service. Speak to one of our highly experienced consultants today, who have a wealth of both business and technical expertise.

## 2. Supply, Installation & Configuration of ICT's

Knowing the right type and brand of Hardware or Software ICT products for your use can be tricky or miscellaneous. Let alone the mind boggling process of setting up and configuring these systems. Worry not, we are here to handle all of these processes and orient you where need be.

We will provide an end – end process from the analysis of what product best suits your needs to procurement of the product from our local and international reputable supplier base that has provided reliable products at competitive market prices and further on installation, configuration and operationalisation of ICT's. Zumatan will further provide servicing and maintenance so you are assured of reliable ICT operation.

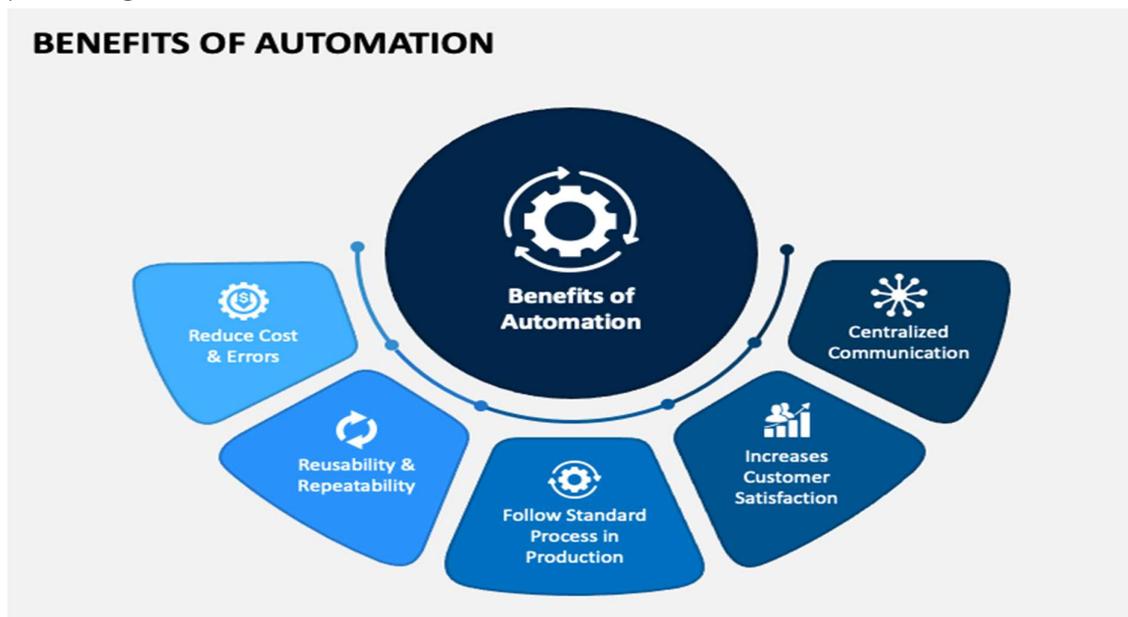

### 3. Websites & Software Development

Launching a new website can be daunting, but with our professional Web Development Services, you can be confident that your website will look great and function flawlessly. Zumatan's web development services is here to create your custom designed website that perfectly matches your branding and goals with help from our Web Development Experts. You can expect an increase in your website's conversion rate and overall performance with search engine optimization.

### 4. Business Process Automation

Process automation uses technology to automate business processes. It typically has three main functions: automating processes, centralizing information and reducing the requirement for input from people. It is designed to remove bottle necks, errors and loss of data, all while increasing transparency, communication across departments and speed of processing.

## 5. Telecom's, Networking & Internet (LAN's & WAN's)

A good communication network within and outside of your organisation is vital to all operations. As modern organisations and individual's pursue digital transformation, quality internet connectivity on matters more. Data connectivity is crucial for every Omni channel customer experience.

As Zumatan we provide a wide range of connectivity solutions suitable for your home and/or office interconnectivity needs. We will install reliable wireless and wired intranet and internet connections. We can further secure your data connections with reliable Virtual Private Network (VPN).

## 6. Closed Circuit Television (CCTV)

We have various CCTV solutions that will improve your security with easy and practical surveillance systems. Whether for home, farm or business premises we can provide you with real time smart camera systems that you can access through your personal computer or mobile phone and could even be further configured to notify or alert you of activity in your premises.

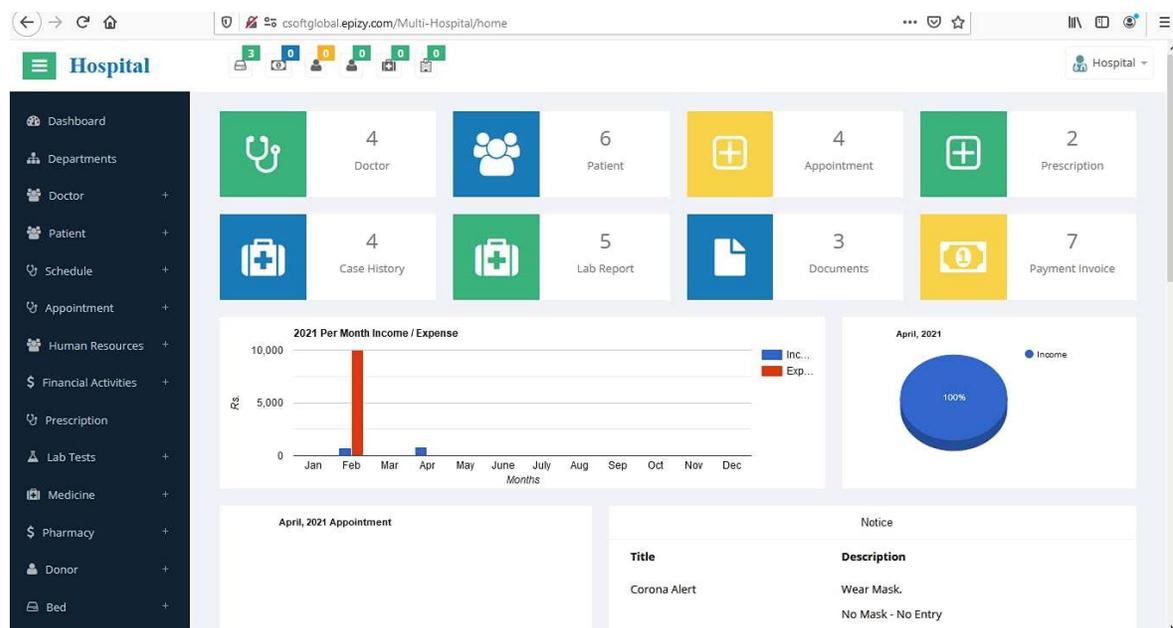

## 7. Information Systems Management

Information systems enable companies to react, respond, cater, store, retrieve, disseminate and control their valuable asset that is information. A good information system in your organisation is vital to for development & success.

We have various information systems to suit your organisations needs that can be further customized to meet your specific needs and functions.

Our information systems include; but not limited to...

- i. Management Information Systems
- ii. School Management Information Systems
- iii. Human Recourse (HR), Payroll Information Systems
- iv. Hospital/Clinic Management Information Systems
- v. Lodge & Hotel Management System
- vi. Finance/Accounting Information Systems

## Key Personnel

**Lushomo Zumbunu**

**Director**

I find immense pleasure in inviting you to Zumatan, a thriving company that once started as a mere vision – a dream that turned into a reality after years of hard work.

We comprehend that it is only our quality of services that have, over the years, delighted our customers. And that this is why our clients consider Zumatan ICT Company their ideal business solutions provider. We maintain a highly dependable and reliable workforce because we know that there is no substitute for quality solutions.

Our organization's work culture is built upon commitment and hard work. Our skilled & talented team are our greatest asset. We hold steadfast to our beliefs, values and code of ethics, and these are highly nurtured inside the company. Our team of experts share common focuses, i.e., to serve our customers with quality services; to work with utmost efficiency so as not to miss out the client's deadline; and to build solutions while maintaining affordability.

So, regardless of whether it's a Government agency, a manufacturing industry, a retail hub, student consultant or any other possible type of business organization, you'll find us here to help you with solutions that can skyrocket your business and achieve your goals. For us, your growth is our parameter of success. Our customer's visions are our guiding lights! I look forward to creating highly innovative solutions to contribute to the growth of the IT industry.
